 <b>SK-500W</b>	Washer	D : 12.60 d : 7.10		Brass

## Remarks

- Make sure to use the designated dies when attaching.
- When adjusting the attaching machine stroke, make sure the total height (not including fabric), is as below.  
SK-300: under 1.8mm, SK-500: under 2.3mm
- This eyelet is not suitable to all type of stretch/knit fabrics.
- Make sure the washer is attached on the correct side.

The washer has two sides, one has 6 dots around the washer and the other is plain.

Make sure the 6 dots side is visible, being attached to the opposite side of the fabric.
